Morris Censured by Student Senate

By John Durbin

The Student Senate passed a resolution Wednesday night censuring President Delyte W. Morris for his unwillingness to act according to his own dictates.

The resolution, submitted by Senator John Foote, said that two weeks ago Wilbur Moulton, dean of students, requested the senate to hold a special meeting and reaffirm its role as the proper channel as voice of the student body.

Foote explained that in the resolution reaffirming the student senate's role Morris was asked to openly concur with the senate in its restatement of policy. Moulton received a letter from the student senate including the resolution and it was passed on to Ralph Ruffner, vice-president for student and area services, according to Foote.

"The letter and resolution

are sitting on Morris' desk right now and we have not heard any response," Foote said. "So, you can see that the channels do not work."

The senate passed a resolution which reaffirmed its stand on requesting that amnesty be granted to students who go outside of the set University channels to gain their legitimate demands provided their demands have been specifically endorsed by the senate.

The senate accepted a report from the Internal Affairs Committee on the feasibility of a closed circuit AM student radio station. The station broadcast would be unable to carry any great distance from the campus, according to Jerry Chabrian, author of the report.

The report calls for a transmitter to be set up in each living area on campus such as Thompson Point and University Park. It said the broad-

cast could extend to no more than 250 feet from the building being served. Each transmitter would cost approximately \$150 and about \$500 worth of records would be needed to start the station. The overall budget of the station would be around \$3,000.

According to the report, the studio transmitter link would consist of telephone lines leased from the General Telephone Company. The studio room would be set up in the recreation room of Allen II dormitory in University Park.

Three amendments to the Campaigning - Election By-Laws were passed by the senate. The first amendment puts a \$50 limit on campaign expenditures by and for candidates to the executive branch while a \$25 limit is placed on senate candidates. The second amendment gives the Finance Committee authority to in-

vestigate a suspected violator of the expenditures limit and disqualify him.

The third amendment increased from two to three weeks the allotted time for signs and posters to be put up during campaigning.

The senate also passed a bill requesting the University administration, Board of Trustees and other responsible officers to institute the following changes:

- 1) Student control of student activity funds.
- 2) The right of students to make their own social rules.
- 3) The student judicial system to be the sole and final authority for all cases of student discipline violations.
- 4) Student control of housing and vehicle regulations.
- 5) Student participation on the University council and various academic councils on a voting basis.

6) Student participation on the Board of Trustees on a voting basis.

Senator John Haney, who submitted the bill, said that because of the "unrealistic stand by the administration to listen to student demands and requests for various statutory and legal changes" this bill has been drawn up.

The senate allocated \$761 to six wheelchair students to help fund their trip to participate in the Para-Olympics June 13 at Woodside, Long Island. All six will participate in the National Wheel Chair Games.

Moulton had indicated that if the senate allocated the money the cost of the trip could be covered between senate funds and special activity funds. The senate money will be paid out of the special projects fund.

Ray Lenzi Predicts Unrest on Campus To Continue to Grow

Ray Lenzi, outgoing student body president, predicted Wednesday night that "there will be greater revolutions on campuses next year because students are more aware of the injustices in the war, drug laws and the educational system."

Lenzi, giving his state of the campus address before the Student Senate, said that unrest will continue to grow on campuses throughout the country unless changes are made. "Students are pressing for educational reform and the unrest which exists will lead to what is commonly known as violence," according to Lenzi.

"The attitudes of the University are very elitist," Lenzi said. "The men in the administration want to further their own concept of what the University is all about," he added. "Students have no real power and the administration denies students the right to establish their own way of education and institute their own social rules."

Lenzi explained that the present ideas of the University are coming from older men with outdated concepts of the world trying to deal with today's problems.

Lenzi re-emphasized the fact that students have no real power. He said, "Morris makes all of the final decisions and thereby prevents any creativity."

According to Lenzi, it is impossible to talk about the University without considering the world because the same injustices and prejudices are present in both areas. He said the problems on campus today go deeper than the particular educational needs of the students.

"The present educational system is wrong in that it doesn't allow students to be dealt with as individuals," Lenzi said. "It makes some people smart and others dumb." Lenzi said the present grading system should be discarded because it creates bitterness and psychotic tendencies among both students and teachers.

Lenzi said he hopes next year's student body president will follow through with the requests of this year's student government in the educational structure.

"We have asked for funds to have a center built to handle complaints and grievances from students and also that evaluation of course instructors be instituted," he said. Lenzi said the students also need to ask for a more extensive foreign study program.

Lenzi exclaimed that "social reform will come because people are aware of the state of the world. Nothing will stop it and all must become a part of this change."

SIU Triumphs Over Ohio, 6-3

MINNEAPOLIS, Minn.—SIU's baseball team advanced in the NCAA District Four Tournament here Thursday by downing Ohio University 6-3.

SIU will meet the winner of Thursday's Minnesota-Valparaiso game at 8:30 tonight. The game will be played at Midway Stadium in St. Paul. The losers will meet today at 1:30 p.m.

Minnesota, currently ranked first in the nation by Collegiate Baseball newspapers, has a sparkling record of 34-7. The team downed a strong Michigan State team twice, 3-2 and 10-4, to capture the Big Ten title.

Valparaiso, ranked 18th in the nation, claimed a 17-3 record going into Thursday's action and a 12-0 slate in

the Indiana Collegiate Conference.

John Susce was the winning pitcher for SIU, striking out four and walking only three. He gave up eight hits.

SIU struck early with two runs in the first inning on back-to-back home runs by Don Kirkland and Barry O'Sullivan.

The Saulkis added one more in third when Jerry Bond scored on a sacrifice fly by a wild pitch and Randy Coker Kirkland. An additional run

was called back when Susce was called out after crossing the plate because he had failed to touch third.

Bond doubled in the fifth and scored when Kirkland singled.

Susce was relieved in the seventh inning by Bob Ash after he gave up two runs on a pair of walks and two singles.

The final two runs for the winners were added in the ninth when Blakely scored on a single by Bond.

SIU Freshman Injured In Motorcycle Accident

Jerry W. Chabrian, a freshman from Barrington, was seriously injured about 11:30 p.m. Wednesday when a motorcycle on which he was a passenger skidded out of control along Southern Hills Road.

According to Doctors Memorial Hospital, Chabrian was taken there by the Carbondale Fire Department and was transferred to Barnes Hospital in St. Louis early Thursday.

The driver of the motorcycle, Henry H. Hartleb, an

employee of the U-Park Custodial staff, said he was ticketed by Security Police for driving too fast for conditions.

SIU Security Police refused to comment on the ticket or Chabrian's condition. According to a new policy, Security Police issue statements only through the SIU News Service. Neither the News Service, nor any members of the staff, could be reached for information about the accident.

Gus Bode

Gus says the state of the campus is not so bad that it couldn't be improved by the departure of a few screwballs.

Arthur Godfrey addresses guests at a luncheon Thursday in the University Center as part of the recognition accorded Carbondale for the first community-wide organized observance of Memorial Day 102 years ago. (Photo by Nathan Jones)

The Redhead Speaks

Bomb Repair Efforts Receive Dean's Praise

SIU Physical Plant personnel have been praised by Dean W. E. Keeper of the School of Agriculture for the effective job of repairing the May 7 bomb damage to the Agriculture Building.

In a letter to Anthony Blass, Physical Plant director, Dean Keeper expressed the appreciation "of those of us in agriculture for the speed and effectiveness with which the men in Physical Plant have gone about the repair of damage to the Agriculture as a re-

sult of the recent bombing." He also praised the condition maintained in the building by the Building Services and said "we have been most appreciative of the attitude of custodians assigned to the area."

The building is now in order following the bombing, with classes in session in rooms that were affected, Dean Keeper said.

Traffic Rerouted As IC Workmen Rerail Train Car

Police rerouted traffic around four Illinois Central crossings at 3:40 p.m. Thursday while workmen rerailed a car on a northbound freight train.

R. C. Joseph, chief dispatcher for the I.C., said the Walnut, Main Jackson and Oak Street crossings were blocked for about 25 minutes by the train while a car at the I.C. Division Office in Carbondale was being rerailed.

Stamps Sought

The Church Women United in Carbondale are collecting trading stamp books to be redeemed for a stationwagon.

The vehicle will be used through the Jackson-Williamson Community Action Agency—Carbondale Neighborhood Center—to transport elderly and disadvantaged persons of Carbondale to medical and other necessary facilities.

Anyone wanting to contribute Top Value Stamp books should contact Mrs. John Reiner, 549-2261, at Southern Hills, or Mrs. Roy Griebel, 457-2232, at 505 Orchard Drive.

Weekend Activities

Beach Dance, Concerts, Exhibits Scheduled

activities--FRIDAY

The Activities Programming Board has scheduled a dance at the Campus Beach from 8 p.m. to 12 midnight. In the event of rain, the dance will be held in the Roman Room of the University Center.

The Carbondale and Edwardsville chapters of Zeta Phi Eta will meet at 3 p.m. in the Communications Building.

The Department of Government will have a meeting at 9 a.m. in the Ohio Room of the University Center.

Linguistics will hold a luncheon at 12 noon in the Sangamon Room of the University Center.

The Forestry Club and Xi Sigma Pi, will hold their annual All-Forestry Awards Banquet at 7 p.m. in the Holiday Inn, Carbondale.

An Organic Seminar, sponsored by the Department of Chemistry will be given by Thomas Doyle at 4 p.m. in room 204 of Parkinson.

"The Ghost of Frankenstein," will be featured at 8 p.m. in Davis Auditorium. The pool at Pulliam Hall will be open from 10 to 10 p.m.

"Arzique," will be featured at 7:30 and 10:30 p.m. in Furr Auditorium. There will be an admission of 75 cents.

Weight lifting for male students will be available from 2-10 p.m. in Room 17 of Pulliam Hall.

available from 2-10 p.m. in Room 17 of Pulliam Hall.

The Baha'i Club will hold an informal discussion at 8 p.m. in Room D of the University Center.

Academic Affairs will have a staff meeting at 3 p.m. in Morris Library Lounge.

Plant Industries Club will have its Spring Banquet and presentation of Outstanding Senior Agronomy Award beginning at 6:30 p.m. at Two Tony's Restaurant in West Frankfort.

The Pulliam Hall Gym will be open for recreation from 4 to 10 p.m.

SATURDAY

"East of Eden," will be featured at 7:30 in Furr Auditorium.

The Department of Music will sponsor a combined University Choirs Concert conducted by Robert Kingsbury at 8 p.m. in Shryock Auditorium. An admission charge for a scholarship fund will be \$1 for public and 50 cents for students.

Teenagers Development Group will meet at 8 a.m. in Muehlen Auditorium and the Agriculture Arena.

The Young Adventurers will sponsor a trip to Little Grassy Lake, departing at 2 p.m. from the University Center.

Pulliam Hall Pool will be closed.

The Mitchell Gallery Exhibits, consisting of constructed paintings and ceramic sculptures by Jerry Kunkel and Tom Ladousa, will be shown June 1-7 in the Home Economics Building.

Weight lifting for male students will be open from 1 to 10 p.m. in Room 17 of Pulliam Hall.

The Activities Programming Board and Theatre Department will sponsor "Swinging Safari '68," at 8 p.m. in the University Center Ballrooms.

Pulliam Hall Gym will be open from 1 to 10 p.m.

Academic Affairs will have a staff meeting at 8:30 a.m. in Morris Library Lounge.

The Sikeson High School Prom will have a buffet dinner from 12:30 to 1:30 a.m.; a dance from 2 until 5 a.m. and a breakfast from 5:30 to 6:30 a.m. in the University Center Ballrooms.

The University Museum Exhibit, "The Inventions of Leonardo Da Vinci," will be shown June 1-16 in the Special Exhibits Room of Old Main.

African Students Association will have its last meeting of the quarter at 3 p.m. in Room C, University Center.

SUNDAY

Graduates of 1968 are encouraged to attend a banquet at 6:30 p.m. in the University Center Ballrooms.

Pulliam Hall pool will be open from 1 to 5 p.m.

The Department of Music will sponsor a combined University Choirs Concert conducted by Robert Kingsbury at 8 p.m. in Shryock Auditorium. An admission charge for a scholarship fund will be \$1 for the public and 50 cents for students.

The Southern Illinois Conference of the United Methodist Church will have an Evangelical rally June 2-6 at 7:30 p.m., in the SIU Arena.

Weight lifting for male students will be open from 1 to 10 p.m. in Room 17 of Pulliam Hall.

Dance Workshop

Open to Students

A Contemporary Dance Workshop will be held at SIU June 17-July 26, open to both graduate and undergraduate students.

The workshop will provide an intensive study of dance as a performing art form, involving dance technique and the ory, composition, improvisation and production, according to W. Grant Gray, associate professor. Public performance will be required.

In addition to the courses required of all students, the graduate students will also be responsible for specific choreographic problems in composition, both solo and group, as well as for investigating, documenting and presenting specific production problems using the undergraduates as performers.

The workshop is sponsored by the Department of Physical Education for Women and the Department of Theater.

Student Station Too Costly

To the Daily Egyptian:

Since my letter on student broadcast facilities appeared in the Egyptian last week, I have received a good deal of criticism from students who simply do not know what they are talking about.

First, I would like to comment on Mr. Leonard Brewster's letter which contained a complaint concerning the pronunciation of certain names on WSIU. If Mr. Brewster would have read my letter carefully, he would have noticed that I mentioned that the students of the radio and television department are trying to learn about their chosen field, just as other students learn the fundamentals of chemistry, psychology or what have you.

The students of my department are taught a great number of jobs in the broadcasting industry of which the ability to announce is a small part. Therefore, since all broadcasting majors receive announcing training, it should be obvious that not all of them will be professionals when their training is completed.

If Mr. Brewster thinks he can better the sound of WSIU, I cordially invite him to come to the station and audition.

Secondly, I would like to make plain (for the students who do not understand) what is involved in setting up and operating a broadcast facility.

I personally am for a student-

operated station, if it is run properly, which takes money. Actually to set up and run a small radio station and run it for one year would cost somewhere in the neighborhood of \$40,000, and that would be a bare minimum station with no frills.

My question here is, "Where will the money come from?" At this point, those students who are for this project are saying, "No, we are trying to set up a carrier-current station."

To them I would like to ask if they know how much would be involved in the setting up of a carrier-current station for this area? Besides the normal studio requirements such as microphones, turntables, tape recorders, etc., a transmitter would have to be constructed on each dormitory, and off campus, which you intend to serve. As one might guess, this is a very expensive proposition because of the size of the campus.

Also, what about the great number of students who live in houses or trailers? How would you serve them, unless you installed transmitters in trailer courts and the like?

It has been my understanding that we as students at an institution of higher learning, are taught to do research before taking on a project. How long does it take before the lesson is learned?

Mark J. Wolfson

Letter

Asia, Carbondale Similar

To The Daily Egyptian:

The rumblings at SIU are so ominous that they can be heard here in Southeast Asia, 12,000 miles from Old Main. And there is something strikingly similar between Carbondale and Southeast Asia. The similarity is personified in President Morris whose resistance to change closely resembles the remarkable resistance to change of the people I work with here.

This parallel strikes me with some amusement, but the fun lasts only momentarily, for I well remember the archaic, paternalistic policies of the SIU administration

which so thoroughly policed student lives when I left SIU eight months ago.

Vice President Ruffner's advice is always predictable--as predictable as a stuck record. "Work through the channels," he says. Well, I remember having worked through those channels and the result is like following a trail in the Malaysian jungle. It leaves one weary, confused, and it leads to nowhere.

How long does the administration expect impatient students to follow the no-ending channels? As the blacks are so well learning, violence is the only thing which works in America. To prevent violence from rocking SIU, the administration must recognize that indeed, times are a changing. No longer can the power elite govern like the old plantation owner. It must deal with the issue of student rights with a radical approach, i.e., stop paying mere lip service to student rights and begin to integrate the student body into the decision-making process.

Peace Corps
Jinjang, Malaysia

Letter

Public Against Second Hand News

To The Daily Egyptian:

I am disturbed that all news concerning major Security Police action involving students must now be channeled through the University News Service (UNS).

The UNS, while a fine public relations unit, is still an arm of the administration. It endangers the public's right to know to let the News Service select the facts that it wants to give to the press. Only professional ethics on the part of the UNS personnel would guard against an administration biased report.

A journalist must be able to investigate, interview, and report the facts as he sees them. Not second-handedly.

Gary Blackburn

Veltman, Hartford Times

'I Wonder What the Trouble Is with Them'

Letter

Where've You Been, Sam?

To The Daily Egyptian:

Sam, what are your principles? What are your beliefs? In your mind, what is the role of Student Government? How do you feel about Student Government? Are you a radical, liberal, or conservative? And one more question Sam, who are you and where have you been for the past two years?

Sam, one of your followers has stated, and I quote from a letter to the Daily Egyptian on May 28 by Mr. Kenneth Wise, "All four, (defeated candidates) might go out and do something constructive like

go and protest a recruiter...."

Am I to now understand that you intend to work for the students? But what are you going to do, and where have you gained the experience needed to run Student Government?

The three defeated candidates Steve Antonacci, Gary Krischer and Orrin Benn have been involved in the student governmental activities for at least the past year. At least they have proven their willingness to work for the students of this University.

Where have you been, Sam?
Charles Cohen

Letter

Rich Escape War's Dirty Work

To the Daily Egyptian:

In response to Ensign John Michael Bell's letter of May 23, I would like to say many things--especially regarding his attitude that nothing ever really changes, that there are always the radicals and the flagwavers--but I will concentrate on one point.

My concern will focus on Mr. Bell's remarks, "Give the recruiters a break, fellas. If it weren't for them, this card-carrying, cowardly, socialistically politically-oriented SIU graduate would be sloshing through some distant rice-paddy, advancing on a wretched village packed with Viet Cong."

Perhaps what Mr. Bell has not learned in his education at SIU is that the more truly educated a person becomes, the more he ought to understand the implications of his actions and accept responsibility for them.

Has Mr. Bell ever considered the fact that his being an officer has kept him from the possibility of "sloshing through some distant rice-paddy" and facing the front lines, but, and most important, that it has left this task to the poor man, especially the Black man (40% of the man injured in Viet Nam are Black).

I am not personally attacking Mr. Bell. Rather I am questioning the kind of society which lets the rich (those who can go to college and become officers) escape the dirty work of being killed in war and also, the kind of Uni-

versity that allows its graduates to be totally ignorant and unconcerned about the ethical implications of their actions on other men.

Judith Walz Flynn

Letter

Black Column Also Racism

To The Daily Egyptian:

This letter makes special reference to the apparent desire of the Student Senate to create an exclusively black student column in the Egyptian.

The whole idea smacks of another kind of racism. I believe some people are losing sight of what both black and white leaders in this country are attempting to achieve. Are we trying to segregate the races as we have for the last 200 years? The whole idea is reminiscent of the situation with dormitories on the Northwestern campus.

If the Senate feels that the Negro students of the University are not receiving fair coverage in the Egyptian, attack the problem at its base. Let's get some interested Negro students on the Egyptian staff. We will all have better coverage without giving the Egyptian the appearance of a black and white intellectual bigot sheet!

Jim Osborg

Letter

Eliminate Need For Destruction

To The Daily Egyptian:

I do not understand the basis for the act of burning my car. I am saddened that any person would feel so badly that he would be driven to destroy. I have learned much during the past month, particularly the staleness and futility of "politics of confrontation" to prove to produce more peaceful, human social conditions. In any win-lose situation the result cannot be satisfaction for all.

Since August, 1967 I have been collecting material for a magazine devoted to a fresh approach regarding communication, one which would actively involve the reader and would attempt to bridge the win-lose chasm.

I plan to continue this project to its completion. I harbor neither animosity nor hate, but only the fervent desire to create and to work to produce the social conditions which will allow all humanity to be free to realize our full potential as human beings living in one world together.

We must eliminate the need for destruction, the need for violence, the need for fear. I do not think it is too late for all of us to begin.

Stuart Novick

John Austin

Sesquicentennial Music Will Premier at SIU

A new composition, "Four Love Songs," commissioned as an Illinois Sesquicentennial musical contribution by the Department of Music, will be premiered at the Combined Choirs Concert on the Carbondale Campus Saturday and Sunday.

The songs, written by John Austin of Chicago have been scored for chorus and small orchestra for this performance.

Titles of the four songs are "Oh Love, Time is a Bird," "In the Dark-Eyed Morning Hour," "Love Has Withered and Dimmed Its Flame" and "Praise Her Beauty in Music-

al Tones." Kingsbury will conduct the Chamber Choir in the Austin composition.

Featured in the concert will be Robert House, chairman of the Department of Music, conducting Igor Stravinsky's "Symphonie de Psaumes."

The concert, to be given as the final performances in Shryock Auditorium before extensive remodeling begins, will start at 8 p.m. Saturday night and 4 p.m. Sunday.

Since the concert is being presented as a benefit for a scholarship fund, an admission charge of \$1 for adults, 50 cents for students, will be charged.

Youth Confab to Be Held at SIU

What can we do ourselves?

That's the question Carbondale's high school teenagers will be asking Saturday when they get together for an all-day session at SIU to discuss plans for programs and projects which they feel will best serve the interests of all the city's youthful citizens.

The Citywide Youth Conference has been youth-planned and will be youth-directed, according to conference adviser Richard W. Poston, research professor in community development. Groundwork for the meeting has been laid by a special committee composed of 18 students representing the city's high schools who have been working to-

gether since March, Poston said.

Sponsorship will be provided by the Mayor's Youth Advisory Committee and the SIU Community Development Services, and financial support is coming from the City Council and the Chamber of Commerce which have pledged \$300 each.

Specific areas of action which the teenagers will explore include recreational opportunities, summer jobs, volunteer community betterment programs, improved communications between the races, and youth organization.

The conference will get underway at 9 a.m. Saturday in Muckelroy Auditorium of the Agriculture Building and

will last until 5 p.m. There will be a dance from 8 until 11:30 p.m.

"The conference is an organized opportunity for teens to come together to discuss areas of community life which are of vital interest to them," Poston said. "The ideas put forth and courses of action decided upon will be their own. It will be a day of decision."

All of Carbondale's teenagers in the 13 through 19 age bracket are invited to take part.

Chemical Society Group Selects Officers

CHEMEKA, SIU chapter of the American Chemical Society, has elected officers for the 1968-69 academic year.

The new officers are David M. Coleman, president; Frank H. Jarke, vice-president; and

Richard L. Marchal, secretary-treasurer.

The society functions to promote social and academic ties between undergraduate chemistry majors as well as to establish strong student-faculty relationships.

THIS IS NO TIME TO WRITE AN AD

It's Not Too Late to advertise wedding rings for the June Bride. (And if you are to be married later this summer, we still have a nice selection.)

It's Too Late to advertise class rings for delivery this term — but you may order yours now and have it sent to your home in 4 weeks.

It's Not Too Late to advertise Graduation Gifts — tie tacs, men's and girls' rings, charms and charm bracelets, and diamond rings — and we have a few left.

It's Too Late to advertise fraternity and sorority jewelry, but we still have a large selection in case you didn't get yours.

It's Too Early to advertise Christmas Gifts — watches, star sapphire rings, etc., but they are here.

Guess I'll just say, "If your watch needs repairing, or you need an award or pin made into a charm or a tie tac, come in and see us."

Coed Struck Serves College of Education By Motorcycle, Research Bureau Aids SIU Faculty Hurt Slightly

By Marcia Epstein

Anita Grumish, a freshman from Kankakee, was injured slightly when she was struck by a motorcycle at the intersection of Hospital Drive and Illinois Avenue Wednesday afternoon.

Miss Grumish was taken to the Health Service where she was treated for cuts and lacerations and then released.

Police said the rider of the motorcycle, William George, a former SIU student and member of the Wild Things Motorcycle Club, was ticketed for failure to yield the right of way to a pedestrian.

"Providing services to the College of Education and assisting faculty with individual and bureau projects are the purposes of the Education Research Bureau," said Roger Robinson, one of the full-time members of the Bureau.

As a service to the College of Education, the bureau assists faculty in any stage of research. Some common areas of research are writing, designing or gathering statistical data used in a particular project. Research assistance is also provided in such areas as zoology, botany and business.

In addition to individual assignments, the bureau does two or three unit research projects such as evaluating teacher effectiveness. Student questionnaires are used in one phase of this program.

David Miles, who has received two grants for creative studies, and Jack Kelly are the other full-time members of the bureau. One type of testing being done by Kelly concerns the individual's reaction to certain words as determined by blood vessel dilation.

Robert Campbell, a part-time member of the research staff, is examining a reading program, classroom man-

agement procedures and work with hard of hearing children.

Another individual project is being studied by Richard Sanders. Sanders is investigating the teaching of Spanish to elementary school children through a response cost study. In this method, tapes are used and the youngsters must control the audio level by pressing a bar in order to hear the lesson.

The Education Research Bureau works with more than 60 graduate and faculty members each year. Most of the Research Bureau's work is done, however, with the College of Education through which its funds come.

De Gaulle Won't Resign Peace Talks May Move From Paris

PARIS (AP) — President Charles de Gaulle, apparently assured of the support of France's fighting forces, declared Thursday he will stay in office to combat an attempt by "totalitarian communism" to take over the nation. He hinted he might use the army to break the stranglehold of a general strike by 10 million workers.

Within hours after his speech, Frenchmen by the hundreds of thousands filled the Champs Elysees, Paris' broadest avenue, packing it sidewalk to sidewalk for 1.2 miles with people chanting, shouting and singing "De Gaulle is not alone," "France Go Back to Work."

The demonstration, planned

in advance but surpassing the expectations of its organizers, seemed to match in size any the leftwing had drummed up during the past two weeks of social convulsion.

It was an expression of support for a leader who had just ordered parliament dissolved and called national elections, but offered no new concessions to students and workers—a position the French Communist party termed "a veritable declaration of war."

The president kept his cabinet in office and retained Premier Georges Pompidou who he said merits the "homage of all." Mass demonstrations had cried for both De Gaulle's and Pompi-

dou's resignation.

Authoritative sources said De Gaulle's tough stance was in part the reflection of assurances of army loyalty and support he received Wednesday during a secret trip to Mulhouse in eastern France. De Gaulle asked for and received pledges from army commanders that their units would oppose any raw attempt by the Communists to take power, the sources reported.

Speaking in clipped sentences, his voice strong, De Gaulle told the nation in a radio address that: "I shall not withdraw." Then the 77-year-old president said he would consider "other means than the immediate elections" is the worker showdown of force continued against his government. One informant said this might be a "state of emergency" of "state of siege" which would permit him to use the army.

There was no immediate reaction to the general's stand from student or trade union leaders but union leaders immediately broke off negotiations with the government for a strike settlement in the vital electricity and gas industries.

(Behind Atwood Drugs)

PARIS (AP)—The United States and North Vietnam will meet for a sixth time Friday on Vietnamese peace issues, but the talks may have to be moved from Paris in the next few weeks if France's political agonies worsen.

The United States and North Vietnam so far officially have ignored the French domestic crisis.

The delegations have gone about their business in a world apart from the demonstrations of students and workers and the street battles. But the negotiating teams depend upon the French economy for food and services and, so far as is known, rely primarily on French facilities for commun-

ications.

A Vatican official, noting the possibility that the conference might have to be moved, said Thursday that Pope Paul's offer of the Vatican as a site is still open.

LBJ Pledges Peace, Asks Hanoi to Do Same

JOHNSON CITY, Tex. (AP) — President Johnson told Hanoi today that the United States is "ready to go far and fast" toward a peace in Vietnam if the Communists will do likewise.

At a news conference at his Texas ranch, Johnson added that so far he cannot report to the American people any substantive progress in the U.S.-North Vietnamese talks now underway in Paris.

But he reviewed the steps the United States has taken to bring the war to an end, including his March 31 bombing cutback order and his announcement not to seek re-election and he declared:

"We shall continue to do everything we know how to

do to bring peace to the world."

On a major domestic issue, Johnson said he will accept a \$6 billion cut in spending in return for congressional approval of his proposal for a 10 per cent income tax surcharge.

"I believe that the need for a tax increase is that urgent," he said, adding that he would approve such a bill and urging congress to approve it as soon as possible.

On another domestic matter, Johnson said he would work on a special message to Congress this weekend on how to extend voting rights to 18 years olds. Generally the vote now is limited to those 21 years old or older.

Kennedy, McCarthy to Debate

NEW YORK (AP) — Sen. Robert F. Kennedy and Sen. Eugene J. McCarthy, contenders in the California presidential primary, have agreed to a nationally televised debate Saturday night, ABC said today.

The one-hour debate will originate live from the studios of KGO-TV in San Francisco. It will be seen in the Eastern, Central and Mountain time zones at 9:30 p.m. local time later on the West Coast.

A network spokesman said the two senators will answer questions from three ABC newsmen and will have a chance to comment on answers to questions from the other senator.

Sen. Eugene J. McCarthy

There will be no direct cross-questioning by the two senators, the spokesman said.

The network said Vice President Hubert H. Humphrey had declined an invita-

Sen. Robert F. Kennedy

tion to appear on the broadcast.

The three ABC correspondents scheduled to appear are Frank Reynolds, who will moderate, Bill Lawrence and Bob Clark.

Radio Transmission From Sub Looked Upon as Hoax

NORFOLK, Va. (AP)—The Navy abandoned a special Atlantic search Thursday for the source of a mysterious voice broadcast that purported to be from the missing nuclear submarine Scorpion.

There was widespread feeling among officers here that the radio transmission may have been a cruel hoax.

Six ships and a searchplane picked up the single broadcast at 8:28 p.m. Wednesday. It was a rather routine statement except that it used the code name for the Scorpion, which has been overdue since Monday and pronounced missing with its crew of 99.

However, the Scorpion's code name has been used frequently in radio communications between search vessels.

An announcement issued jointly by Atlantic Fleet headquarters and the Pentagon in Washington said:

"Throughout last night four destroyers and a patrol aircraft conducted a thorough search for approximately 150 nautical miles east northeast along the reported bearing of the voice transmission which was heard at 8:29 yesterday evening by an aircraft and six ships.

"The transmission was brief and only USS Lapon, 300 nautical miles east of Norfolk obtained a possible bearing.

"This extensive search

failed to discover any evidence of the source of the transmission and was discontinued as a separate effort this morning."

The Lapon is a nuclear-powered submarine.

Meanwhile the huge sea hunt for the Scorpion continued with the navy shifting focus from the relatively shallow continental shelf—where the submarine might have survived—to the depths eastward—where it is doubtful its hull could withstand the enormous pressures.

The continuing search, going on four days, failed to turn up anything significant.

The Atlantic fleet said 31 separate flights were conducted Wednesday by Navy patrol planes with an Air Force C130 relaying communications. Air operations of a similar scope were under way Thursday.

Wisconsin Warden to Sit on Panel

James W. Mathews, warden of the Wisconsin Correctional Camp System, Madison, will participate in a panel discussion summarizing the program of the 17th annual Regional Conference on Correctional Education to be held at SIU Monday, Tuesday and Wednesday.

The conference is sponsored by the Center for the Study of Crime, Delinquency and Corrections and the Correctional Education Association.

Mathews has held his pres-

ent post for the past five years. Prior to that he served as the first classification administrator in the State of Wisconsin, was director of social services at Wisconsin State Prison for three years.

He is a graduate of De Paul University and holds a master's degree in correctional education staff personnel in penal institutions, custodial persons, and probation and parole officers.

Undergrad Fee Deadline Wednesday

Next Wednesday is the summer quarter fee payment deadline for undergraduate students. If fees are not paid at the Bursar's Office by 4 p.m., June 5, registration will

be cancelled. Graduate student fees are due June 28.

Fee payments for fall quarter will be accepted after July 1 at the Bursar's Office, according to Kirby Browning, director of registration.

Gorefolding

Paul Wolfran, right, SIU Parachute Club safety officer, instructs fellow members in the skill of gorefolding—a process which places the cords so they won't tear the chute when it opens. Others are Dan Martin, rear, Frank Hall, left, and Dennis Waryjas.

Injuries Fatal to 2nd Student In Makanda Train-Car Crash

William Conkel, an SIU student injured last weekend in a car-train collision, died about 1:30 a.m. Thursday in Barnes Hospital, St. Louis.

Conkel, 25, of Pekin, was the driver of the car carrying two other passengers which struck a signal box and stopped on the Illinois Central tracks in Makanda, according to police. Conkel died of head injuries and severe burns.

A passenger, Denise A. Myers, 20, of Jerseyville, died immediately following the accident last Saturday. The third occupant of the car, Kathleen J. Callahan, 21, of Ogelsby, was treated and released by the SIU Health Service.

Faculty Member

Co-Authors Article

John P. Casey, a faculty member in the Department of Student Teaching, is co-author of an article in the Peabody Journal of Education and has written one of ten chapters in a 1968 study entitled "Direction of the Junior High School in a New Era."

The Peabody Journal is a bi-monthly periodical published by George Peabody College for Teachers, Nashville, Tenn. Co-author is Conrad R. Kracht of Louisiana State University. The article is "Attitudes, Anxieties, and Student Teaching Performance."

Webb Named As Chairman By Trustees

Howard Webb, Jr., a member of the English faculty for the past 12 years, has been appointed chairman of the Department of English, largest on the campus.

Webb had served as acting chairman since the death of Robert Faner early this year. His permanent assignment was made May 16 by the Board of Trustees.

A native of Dayton, Ohio, Webb received a bachelor's degree from Denison University and won his master's and doctoral degrees in English at the State University of Iowa. Before coming to SIU in 1956 he taught American literature at Central Missouri State College. Since 1963, he had been director of graduate studies in English at SIU.

Webb's writings include critical studies of Mark Twain, Ring Lardner, Herman Melville and Edgar Allen Poe. He has edited a selection of Illinois prose writing to be published as a book this June by the SIU Press.

Instructor Gets

Article Published

William Garner, associate professor in government, recently had an article published in the April issue of the "Journal of Inter-American Studies."

The article is entitled, "The Sino-Soviet Ideological Struggle in Latin America" and deals with the split between the Moscow and Peking oriented Communist parties.

Howard Webb, Jr.

SIU Gets \$1,250 For Ag Research

The Chemagro Corporation of Kansas City, Mo., has granted SIU \$1,250 to support research by James A. Tweedy, assistant professor of plant industries.

The research will involve field testing three of the company's agricultural chemicals to study their effects on yields and protein content of wheat, corn and soybean grain and alfalfa forage.

SIU to Take Part in Convention

Recreation for the youngsters, tours of the Carbondale campus, the presentation of a new Abraham Lincoln play will highlight SIU's part in the National Campers and Hikers Association convention at Du Quoin Fairgrounds in July.

Rex Karnes, an assistant director of University News Service who is coordinating SIU activities, said the play, an Illinois Sesquicentennial event, will be presented on the stage in front of the huge grandstand on the evening of July 13 by the SIU Department of Theater.

The July 12-18 convention is expected to bring from 25,000 to 30,000 campers to southern Illinois. With an estimated 2,200 of them teenagers and from 5,000 to 6,000 in the seven to 12 years of age bracket, the Department of Recreation has been called to supervise their recreational activity.

William Ridinger, acting chairman of the department, said plans call for a Teen Center complex consisting of

the department's Teen Party Wagon as a bandstand, a dance floor, discotheque-cafe, and hopefully a portable swimming pool. Colored lights would illuminate the area.

Basketball, volleyball, badminton, and tetherball courts and a half dozen ping pong tables will be available nearby.

"We hope to have a place where the young can play, dance, swim, eat, and talk," Ridinger said.

Events the department will sponsor include a Teen Queen contest, combo music contest,

fashion show involving both hair-styling and clothing, and dance contests and games.

Presently, Loren Taylor of the Department of Recreation is in charge of students who are making a layout of the camp, restrooms, bathhouse and beach inside the fairgrounds.

Tours of the Carbondale campus will be conducted for campers each day by the Information and Scheduling Center. Announcement of the tours will be listed in the program campers receive upon arrival at Du Quoin.

Retardation Study Gets \$500 Grant

A \$500 check to support teacher training in the field of mental retardation has been presented to SIU by the Egyptian Association for Mentally Retarded Children.

This is the fifth year the award has been made to SIU. The money is provided by the United Fund units in Herrin, Marion, Carbondale, Murphysboro, Carterville and Union County of which the Egyptian Association is an agency.

The money will be divided into two \$250 William A. Howe Memorial Awards which will enable presently employed full time teachers to take special summer courses at SIU in the education of mentally retarded for the purpose of becoming certified teachers in this field.

Buila to Receive Cornell Doctorate

Cornell University, Ithaca, N.Y., will confer a Doctor of Philosophy degree on Assistant Professor Theodore Buila, who joined the SIU Agricultural Industries faculty in January. His major fields are rural sociology and agricultural education.

Buila's doctoral research was an analysis of agricultural education in Yugoslavia where he was a Fulbright Fellow in 1966-67.

He is a graduate of Fresno (California) State College and received his master of education degree in 1958 from the University of California at Davis.

Bus Times Changed for Exams

A temporary revision of the Campus Bus Service will enable students to arrive on time for exams that are scheduled 10 minutes before the hour.

The exam schedule is such that persons having 10:10 a.m.

and 3:10 p.m. finals will arrive at the University Center 25 minutes before exams start.

The three regular bus routes will operate until 12:45 p.m. Monday through Thursday. The evening bus schedule will be-

gin at 12:45 p.m. and will continue until 8:45 p.m. with each stop and arrival 15 minutes earlier than usual.

The Saturday route will operate as it has during the quarter, except that runs will start 15 minutes earlier. The last run will terminate at 12:45 p.m. at the University Center.

Record Number To Receive Ph.D.

A record 41 students are candidates for the Doctor of Philosophy degree at the Spring Commencement program June 7, the SIU Graduate School announced.

Candidates are from 20 states and India, Iran, New Zealand, and South Africa.

Candidates will be con-

ferred the doctoral degree in education, journalism, home economics education, psychology, government, speech, botany, geography, anthropology, zoology, philosophy, chemistry, and sociology.

Last June, 31 Ph.D. degrees were conferred. At the summer commencement last Sept. 2, the total was 30.

Fence to Surround Construction Work

Workmen will construct a fence Monday around the southwest corner of Morris Library to provide a work area while the upper floors of the building are being completed.

Harry McMurtrie of the

University Architect's office said the area will remain fenced for approximately two years.

Pedestrian traffic on the main walkway south of the Library will not be affected by the plans.

Tremendous Growth

SIU Post Office Is Unique

By Nick Harder

Entering the SIU post office is an experience in which the human senses betray the truth. It looks like any other post office and has the same musky odor.

The building is one of those temporary structures that has been used about a quarter of a century. It stands between the band building and the stenographic service near the University Center.

A pair of swinging doors takes the visitor through the main entrance at the side of the building. Mailmen make their deliveries and pickups through the rear of the building.

A scuffed but clean wood floor stretches from the administrative offices on one end to the delivery and sorting rooms at the other.

But here the similarity to other post offices ends.

One of the biggest differences is that the local branch handles all of the mailing and stamping of bulk mail and multi-letter first class mail which the University departments send. Whereas other post offices handle just the delivery and pickup of mail, the SIU branch even applies the postage to letters.

Last year 16.5 million pieces of mail were handled by the SIU post office. This represents nearly 320,000 a week or 45,000 per day and does not even include campus mail and University bulletins which double that amount.

There are other unique aspects of SIU's post office. The SIU faculty and staff members move about from campus to campus and from one department to another so often that they must seem nomadic wanderers to the SIU post office mail sorters and delivery mailmen.

Unlike city and village post offices, the SIU branch does not rent boxes, does not send COD mail and does not sell money orders.

There are also differences between SIU post offices and other such state university services.

Whereas other state university post offices are allotted money to pay for the postage on mail sent by various departments within the school, SIU sends a bill to each department for postage used. This calls for a great deal more bookkeeping by the SIU post office.

According to Mrs. Katherine McCluckie, supervisor of the SIU post office, other state university post offices do not enjoy the good relations with their city post offices as does SIU.

"They seem to be in a constant battle over one thing or another," said the SIU supervisor. "We've always had the best cooperation from the Carbondale post office."

Mrs. McCluckie, who joined the SIU post office in 1951 as a clerk, said the growth rate of the post office has been "just tremendous."

"When I joined the staff in 1951 there were two civil service employees and one student worker. Now we have eight civil service people and 43 students, and there doesn't seem to be any end in sight."

Twelve Persons Receive Awards

Twelve persons have been honored for their contributions by the Society for the Advancement of Management, composed of students studying management in the School of Business.

Henry J. Siegle, director of research for McGraw-Hill Publications, was given the Distinguished Speaker of the Year award. Siegle was on campus April 8-10. John W. Fohr, associate professor of management, was recipient of

the Member's Appreciation Award for help he has given the organization. He is faculty adviser.

Various student awards, given for scholarship, leadership, participation and service, went to:

Stanton M. Fowler, John Greska, Joseph James, Herman LeFevre, Michael Lockett, Edward Loftus, Darrel J. Olson, Allen Syprzak, William Walker and Thomas Zielinski.

Area Custodians To Attend Class

More than 100 school custodians will be in the classroom this summer at SIU—but they'll be armed with pencil and notebook instead of broom and mop. Participants from throughout the state are expected for the third annual Workshop for

School Custodians conducted June 11 and 12 by the SIU Division of Technical and Adult Education and University Physical Plant, says Adult Education Coordinator Harold Engelking.

Cardinal Star Speaks at Sports Event

Jim Hart was the featured speaker at the annual All-Sports Banquet held Wednesday night in the University Center.

Hart, a former SIU football player, related his experiences as starting quarterback for the St. Louis Cardinals of the National Football League.

He was the fifth string quarterback during his rookie year in 1966 and rose to third spot after the selective service drafted the third and fourth contenders. During his second year with the team, the second

contender, Jerry Quazzo, was traded and the starting quarterback Charlie Johnson was drafted, leaving the position wide open for Hart.

"To summarize the whole thing I'd have to say it was a matter of being in the right place at the right time," said Hart.

Commenting on his dubious distinction of throwing the most interceptions of the year, Hart said he completed 70 per cent of his passes.

"I completed 48 per cent of my team's passes," joked

Hart, "and 22 per cent to the other team."

Awards were presented to outstanding athletes in various departments.

Chuck Benson received the Harry Hinkley award for the outstanding SIU Athlete of the Year. Benson was a forward on the basketball team and was an All-American in the 440 as a track team member.

Johnny Yang, an outstanding tennis player who accumulated a 50-5 record in three years, won the first annual alumni scholar-athlete award and was also voted by his teammates as the Outstanding Tennis Player of the Year.

Forward Dickie Garrett received the Most Valuable Basketball Player award for his performance last year. Garrett was one of the top free throw shooters in the nation while credited with a 20.1 scoring average.

Jeff Duxbury was voted MVP

Jim Hart

in cross country and Ross MacKenzie received the honor of being the Outstanding Track Team Member.

Isaac Brigham was chosen

as the Most Valuable Football Lineman while Doug Hollinger received an award as the Outstanding Back.

Steve Heckel won the golf award, Fred Dennis was the Most Valuable Gymnast and Ed Mossotti was chosen Top Swimmer of the Year.

The Most Valuable Freshman Athlete of the Year award went to Saluki first basemen Bob Blakely and the Most Valuable Baseball Player of the Year went to Don Kirkland.

Ben Cooper was named the Most Valuable Wrestler of the Year by his teammates. Coach Jim Wilkinson received a plaque in "gratitude for his excellent job as coach." Wilkinson resigned this year after leading the grapplers for the past 18 years.

Mrs. Delyte W. Morris accepted a letterman's blanket for her husband's moral support of the athletes throughout the years.

Independents Take Intramural Honors

Hades' Chosen Few and Leo's Lushes respectively of the Independent Leagues won the 12 inch and 16 inch Intramural Softball championships.

Hades' Chosen Few dumped Delta Chi Fraternity 9-2 to take the championship. Leo's Lushes walked away from the Rejects 17-4.

Gaining the championship round, Hades' Chosen Few won its divisional championship and beat the Misfits 5-2 and Gent Hall 11-1 in tournament play.

Delta Chi advanced from the Fraternity League competition to obtain a bye in the first round, defeated Felts' Raiders in a close 8-7 victory, before falling to Hades' Chosen Few in the championship round.

Leo's Lushes made the finals by winning their divisional championship and obtained a bye in the first round. They

beat Robo A.C. 18-14 and finally beat the Rejects in the final game.

The Rejects advanced as a divisional winner, gained a bye in the first round, and beat the Hairs in the second round 10-4.

Members of the winning Leo's Lushes team were Chuck Smilgey, Bill Phillips, Frank Yorig, Mike Gilbert, Rich Walker, Rich Rianoshek, Mitch Skolnik, Casey Stiklius, Jim Davis, Rich Korte, Jim Kezios, and Dick Hirschman. The team was coached by Bill Pontikes and managed by Terry Hein.

Members of the Hades' Chosen Few are Wally Kouri, Gerald Stricker, Glen Peterson, Bob Potterfield, Keith Stephens, Gerald Varner, Darrell Vrish, Bob Randick, John Bailey, Terry Schmodt, Ronald Bartlett, Paul Bishop, and Lowell Benjamin.

NODOZ ANNOUNCES THE EXAM PILL

(If you flunk, at least you'll be awake.)

Sure you've used NoDoz to help you stay awake the night before an exam.

But have you ever thought of taking NoDoz to make yourself a little sharper during the exam itself?

Well, maybe you should.

Let's say you're one of those guys who doesn't have to cram like mad the night before. (Even so, you're probably not getting your usual amount of sleep.)

And let's say the morning of the big exam, you find yourself heading for class, kind of drowsy and unwound and wondering if The Great Brain has deserted you in the night.

What do you do?

You panic, that's what you do.

Or, if you happened to read this ad, you walk coolly over to the water cooler and wash down a couple of NoDoz, the

Exam Pill. And before long you're feeling more alert and with it again.

You see, NoDoz helps bring you up to your usual level of alertness, so you don't just sit there in a fog; it's got what it takes to help restore your perception, your recall, and even your ability to solve problems.

In fact, NoDoz contains the strongest stimulant for your mind that you can take without a prescription. Yet it's not habit forming.

Okay, but what about the guy who goes off all term and has to jam everything in the night before.

Are we saying NoDoz will keep him from flaming out?

Nope.

We're just saying he'll be alert and awake.

As he flunks.

(See the beautiful interior of the PMC.)

Bobby Unser Wins Memorial Race

INDIANAPOLIS, Ind. (AP)—Bobby Unser, hottest American race driver this year, stomped out the turbine revolution Thursday in the 52nd 500-mile auto race. He won his first Indy 500 with a record speed of 152,882 m.p.h.

The Albuquerque, N.M., member of a famous racing family, pulled ahead to stay with 22 1/2 miles to go as a leading turbine failed for a second straight year.

Joe Leonard of San Jose, Calif., climbed out of the ailing turbine with his head hanging, just as Parnelli Jones had done a year ago when the original turbine quit with 7 1/2 miles to go.

Two other Lotus turbines entered by Andy Granatelli also failed to finish. Graham Hill of London, 1966 winner, crashed after losing a wheel. He was not hurt. Another turbine driven by Art Pollard of Medford, Ore., stopped minutes after Leonard's quit. Granatelli said he didn't know what happened but, "they just quit."

It was a great day for Dan

Gurney, America's international racer and car builder from Santa Ana, Calif. Not only did he finish second but his All-American Eagles finished first, second and fourth.

Gurney's teammate, 1967 world champion Denis Hulme of Australia, finished fourth behind Mel Kenyon of Lebanon, Ind., the U.S. Auto Club mid-gate car champion last year. Lloyd Ruby, Wichita Falls, Tex., was fifth in the unofficial standings.

Official standing will not be posted until 8 a.m., EST, Friday. The payoff will not be announced until the traditional victory dinner Friday night.

Unser's victory came on the track where his brother, Jerry, was killed in a practice run in 1959.

Another brother, Al, crashed in the first turn Thursday when a wheel came off.

"I saw that it was Al," Bobby said after the race atop the rear seat of a convertible in victory lane. "But I saw that he was all right."

Bobby was fighting a major handicap after the first of his three compulsory pit stops. His low gear went out and he had to run only in high gear, pulling out of the pits. Although it cost him precious seconds, it was a handicap only when going out of the pits and didn't hinder him on the track.

Leonard, who won the pole position with a record qualifying speed, led the first seven laps only to find himself passed by Bobby Unser and his Eagle-turbocharged Offenhauser.

Bobby led through the 54th lap and was passed on the 55th by Ruby.

Bobby got in front again on the 91st, yielded to Leonard on the 112th and got back ahead on the 117th.

It was Ruby again, 167-175, Leonard from 176-191 and Bobby the rest of the way.

Bobby had won three previous U.S. Auto Club races this season at Trenton, N.J., Phoenix, Ariz., and Las Vegas, Nev.

The curly-haired, 34-year-old driver had an Eagle owned

by Bob Wilke, Milwaukee businessman who also owned cars driven by former winner Roger Ward.

Eleven cars were running at the finish, out of 33 starters, and nobody was hurt.

Unofficially in order behind fifth-place Ruby were:

6. Ronnie Duman, Indianapolis.

7. Rookie Billy Vukovich, Fresno, Calif.

8. Rookie Mike Mosley, La Puente, Calif.

9. Rookie Sam Sessions, Nashville, Mich.

10. Bobby Grim, Indianapolis.

11. Veteran Bob Veith, Santa Rosa, Calif.

Vukovich kept going in spite of a spectacular spin in the northwest corner. He is the son of Bill Vukovich, who won the 500 in 1953 and 1954 and died leading the 1955 race.

Foyt, who won last year when Jones' turbine quit, was shooting for an unprecedented fourth Indianapolis victory but his Coyote failed after 87 laps. He had been as high as fifth in the standing.

Ex-Saluki Walt Frazier Back to Finish School

Walt Frazier, who established himself as a starter for the New York Knickerbockers and was a contender for rookie-of-the-year honors in the National Basketball Association during the past season, returned this week to where it all began.

The two-time college division All-American at SIU during the 1964-65 and 1966-67 cage seasons pre-registered for the upcoming summer term.

Frazier, who intends to return to New York this weekend, was a striking figure Monday in an outfit consisting of an all-white suit, blue beads and \$80 shoes.

He broke into the Knick's starting lineup shortly after the season began and drew praise for his ability in the backcourt. He had a bad

start scoring wise but was consistently outstanding on defense.

He attributed his scoring problems at the beginning of the season to a lack of confidence.

"I just didn't shoot enough," Frazier commented. "It didn't hurt my defensive game, though."

"At first I wasn't taking my shots," he said. "I was passing off too much."

After Frazier began "putting the ball up there" his point totals increased.

Against Boston in February, Frazier hit a 15-foot jumper in the final seconds to beat the Celtics, 110-108. He also scored 27 points in the game to take individual scoring honors.

In late January, he sank two free throws with 37 sec-

onds remaining in leading the Knicks to a 129-127 win over the San Francisco Warriors. Frazier finished the game with 23 points.

Needing three more quarters to finish his work towards a bachelor's degree in physical education, Frazier intends to complete his work while attending summer sessions.

At the time when he was drafted he had one year's eligibility remaining and he has often been asked if he regretted leaving the collegiate ranks. Frazier answered by saying that he never looked back and that every man has to do what he feels is best for him.

While a Saluki for two years, Frazier averaged 17.7 points and 10.6 rebounds per game. He was the key man in Southern's NIT victory in 1967.

NO PAYMENTS TILL SEPTEMBER 1.

As a special courtesy to qualified SIU STUDENTS Vic Koenig is making it possible to purchase any of his new or used cars with the first payment not due until SEPTEMBER 1. Just ask for the "Deferred Payment Plan."
